Re :- Race Director for Major Meetings.

After attending the Colema Cup in Mildura and attending other major meets I feel there is a definite need for ORRCA Vic to appoint a State Race Director to oversee the running of all race meetings of which ORRCA has any involvement.

I envisage that this would include the following meetings,

State Titles

Coleman Cup

ORRCA Shield

Club Cup meetings which are used for points for drivers series.

I believe this is necessary to attain a consistent standard of behaviour for all drivers regarding driving, marshalling and general behaviour at the tracks.

I believe that the person should not be a racer on the day of the meet.

I would like this position to be advertised among all clubs for applicants.

If no person is willing to undertake this role then I would apply for the position.

Signed

Bob Tierney Knox member
