

2005 TEAM ORION SUMMER NATS ENTRY FORM

Saturday/Sunday 22/23 January 2005 (Friday 21 January practice)

Track address: Jenke Circuit, Kambah. Contact: Stephen Awizen 0410 688 686 Email: bjorgo@austarmetro.com.au

Format

- Two electric and two nitro classes will be raced: EP Stock and Modified and GP Open and Pull Start Touring Cars.
An entrant can enter only one class each day.
- All classes will have a minimum of three heats, maximum of six (depending on entries in each class and overall each session). Best single run determines qualifying standings. Maximum 10 cars per race, minimum 3.
- In EP, there will be three A Finals and one each lower final.
In GP, there will be one A Final and lower finals.
- Race times will be: EP – 5 minutes; GP – Heats 5 minutes, 10 minutes for lower finals and 20 minutes for the A Final.
- EP – A Finals final placings will be determined by best two out of three results (points awarded 1 to 10 depending on finishing position each final) with result of third final used as a tie break. If still a tie, qualifying will be used.

General

- Transponders will be used. Entrant's responsibility to securely attach transponder. If transponder falls off, laps will not be counted. Personal transponders will NOT be catered for.
- Cars will be scrutineered.
- Drivers will be required to marshal the race immediately following their race, except in finals – organisers will advise marshalling duties for finals.
- If you cannot marshal, you must supply a reasonable excuse and provide a substitute marshal. Race organisers to be advised prior to the start of the race concerned. Arranging a substitute marshal so you can work on your car is not considered a reasonable excuse.
- Failure to marshal will mean loss of best result in heat and/or final.
- Trophies will be awarded to all A Finalists and Top Qualifier in each class.

Code of Conduct

At all times participants are expected to conform to decent actions, both on and off the track. Violation of such expectations may lead to the organisers requesting the offending participant/s leave the complex.

Car Specifications and Technical Details

AARCMCC rules will apply unless outlined below.

EP Touring Cars Stock

Any commercially available 24° Rebuildable 27 turn Stock motor that meets ROAR rules. It does not have to be on any "Approved: list. No hybrids. 6 x 3600mAh cells maximum. Tires open.

EP Touring Cars Modified

IFMAR approved Modified motors. Hybrid motors allowed. Brushless motors not allowed. 6 x 3600mAh cells maximum. Tires open.

GP (Nitro) Tourers Pull Start

Kit pull start engines (.12, .15/16) only allowed. They must be air cooled with two stroke induction. Only glow plug ignition is allowed. No modifications allowed.

• Note: It is not necessary for your car to race with the engine it came with, you can use another engine provided that engine is sold in commercially available (in Australia) kits/RTRs.

The purpose of this rule is to prevent high powered aftermarket engines running in this class (eg Nova, JP, RB etc).

GP (Nitro) Tourers Open

Any .12 size engine allowed, pull start optional, turbo plugs allowed.

For GP (Nitro) Cars

Two or three speed transmissions allowed. Tires – open. Tuned pipes permitted in both classes. Nitro – maximum 30%.

Both EP and GP Tourer Bodies

2 or 4 door Touring Car/Sedan bodies only. No Sports/GT/GTP types.
