

*2011 Cairns Enduro
10th & 11th December*

**2 Hour Electric Enduro
&
6 Hour Nitro Enduro**

Cairns Radio Controlled Model Car Club Inc. are proud to present the 1st annual

Cairns Enduro

10th & 11th December 2011

Track Information:

The Cairns track is located at Maher Rd Gordonvale. For directions go to <http://www.cairnsrc.com/page2.htm> Power will be available at the track.

Entry Fee:

Electric - \$80 per team (4 people per team)

Nitro - \$120 per team (4 people per team)

Classes:

Electric – all electric vehicles, both 2wd & 4wd

Nitro – all nitro vehicles

Format:

Saturday:

- Practice (Electric) – 12.15pm to 1pm
- Drivers Brief – 1.15pm to 1.45pm
- Electric Enduro – 2pm to 4pm
- Practice (Nitro) – will commencement upon completion of presentation to Electric Enduro winners through until 5.30pm

Sunday:

- Drivers Brief – 8.15am to 8.45am
- Nitro Enduro – 9am to 3pm

Entry Closure :

Entries must be in by 5pm Saturday 10 December 2011. For programming purposes it would be appreciated if all paperwork was either posted or emailed to the club by Wednesday 7 December 2011. Team Entry Fee must be paid before commencement of racing. Please note that individual nominations and payment will not be taken. Nominations are for teams only and payment must be paid as the lump sum i.e. \$80 for Electric or \$120 for Nitro.

Scrutineering :

To ensure that all team entries only have one car per racer all chassis will be marked prior to racing. Chassis may be randomly checked throughout the duration of racing to ensure that there has been no replacement chassis. The marking of the chassis will be done using a non permanent marker that is durable enough to withstand the rigor of racing but can easily be removed at the end of racing.

Rules:

Electric Enduro (2hrs):

- \$80 per team
- 4 members per team (1 x 4wd, 1 x 2wd buggy or truck, 1x Sc, 4th car –team's choice)
- Each team must have a car on the track for everyrace period.
- Out right winner: - The team who completes the most amount of laps in 2 hours.

- No outside assistance is permitted (5th team member), excluding a team with a member who physically are unable to perform requirements as other members, may nominate a 5th member to perform their requirements. Conditions apply.
- 6 minute races per driver. All cars and racers nominated must participate in racing.
- There will be a siren/air horn blown 2min prior to the completion of each 6min race. A whistle will be blown, from the drivers stand, to advise drivers that their 6min race is now finished. Drivers will be required to complete the lap they are on when the whistle is blown then return to pit lane to changeover with the next team driver. Only 1 car per team may be on the pit wall at any time. The new driver may not commence their race until the previous drivers car has been removed from the pit lane.
- Each team member should be performing one of the following: - marshalling, pit crewing, driving or getting yourself ready. In which order is up to the team themselves.
- A marshal position will be allocated to each team
- All cars to run a transponder.
- Teams cannot have spare chassis ready to go in the event of broken parts, the chassis you start with you must finish with. Excluding electrics & motors.
Repairs can be made during your stint, but another member's car cannot replace you during your stint. Team members are permitted to work on another member's car during the event to assist with repairs. For example: - the team member who getting themselves ready may continue to repair your car while you pit crewing for your team.

Nitro Enduro (6hrs):

- \$120 per team
- 4 members per team (2x truggy, 2 x buggy)
- Each team must have a car on the track for every race
- Out right winner:- The team who completes the most amount of laps in 6 hours.
- No outside assistance is permitted (5th team member), excluding a team with a member who physically are unable to perform requirements as other members, may nominate a 5th member to perform their requirements. Conditions apply.
- 30 minute races per driver. All cars and racers nominated must participate in racing.
- There will be a siren/air horn blown 2min prior to the completion of each 30min race. A whistle will be blown, from the drivers stand, to advise drivers that their 30min race is now finished. Drivers will be required to complete the lap they are on when the whistle is blown then return to pit lane to changeover with the next team driver. Only 1 car per team may be on the pit wall at any time. The new driver may not commence their race until the previous drivers car has been removed from the pit lane.
- Each team member should be performing one of the following: - marshalling, pit crewing, driving or getting yourself ready. In which order is up to the team themselves.
- A marshal position will be allocated to each team
- All cars to run a transponder.
- Teams cannot have spare chassis ready to go in the event of broken parts, the chassis you start with you must finish with. Excluding engines.
Repairs can be made during your stint, but another member's car cannot replace you during your stint. Team members are permitted to work on another member's car during the event to assist with repairs. For example:- the team member who getting themselves ready may continue to repair your car while you pit crewing for your team.

Food and Drink will be available at the track on Saturday & Sunday.
